

Yujom® Vibhuti Global Circle Overview

Aishwaryavan Vibhuti Members

Celebrating Inner Excellence through Universal Collective Consciousness

For Successful Individuals Aligned with Conscious Living and Collective Evolution

Aishwaryavan Vibhuti Members are individuals who combine outer success with inner excellence—through conscious living, human dignity, and a sincere commitment to collective human evolution.

Opening Thought

In today's world, many people achieve success, influence, and material prosperity—yet still feel a quiet pull for deeper meaning, inner clarity, and more humanly grounded connection.

Yujom® Vibhuti Global Circle is envisioned as a conscious space where individuals from diverse walks of life come together for thoughtful dialogue, shared reflection, and the exploration of **inner excellence (Vibhuti)** and **collective wellbeing**.

This circle is not built on hierarchy, comparison, or social positioning. It is built on **mutual respect, dignity, and conscious participation**.

Vision

The vision of **Yujom® Vibhuti Global Circle** is to bring together aware and responsible individuals across cultures, professions, and backgrounds who wish to:

- nurture their inner Vibhuti (inner excellence)
- strengthen conscious living and human dignity
- contribute positively to society through matured thought and behaviour

The circle encourages **unity in diversity, conscious prosperity**, and **human harmony**, creating a space where dialogue and reflection support the evolution of human consciousness.

Purpose

The circle exists to:

- encourage inner excellence and conscious living
 - foster respectful dialogue among diverse individuals
 - build a community rooted in dignity and mutual understanding
 - create a space for reflection on human values, conduct, and consciousness
-

Spirit of Equality

Yujom® Vibhuti Global Circle is founded on a simple principle: **every member is respected equally.**

No one holds a higher or lower position based on:

- wealth
- profession
- social status
- nationality
- or time of joining

Every participant joins the circle as a **conscious co-traveller**. Here, no one stands above or below another—we walk together in the journey of conscious human evolution.

Member Identity

Members of the circle are recognised as: **Aishwaryavan Vibhuti Members**

This identity symbolises a commitment to:

- inner richness
 - human dignity
 - conscious living
 - responsible prosperity
 - respectful participation
-

Launching Milestone

The circle begins with a symbolic starting point.

Launching Milestone: 108 Members

Once 108 members join, the official launch of the circle will take place. In the Indian knowledge tradition, **108** symbolises completeness, reflection, and conscious practice.

This number represents a **symbolic beginning**, not a permanent limit.

Global Vision

Yujom® Vibhuti Global Circle is not a limited-membership club. Its vision is **global and open-ended**, allowing natural expansion across countries and cultures.

There is **no fixed cap** on membership.

Membership Contribution

Membership contribution supports the activities and functioning of the circle.

Registration (One Time): ₹1,51,000 +

Role of the Scientist

Within this circle, **AntahKaran® Scientist Lalit** does not hold hierarchical authority.

His role is simply:

- **Researcher** — exploring human consciousness and AntahKaran®
- **Educator** — sharing knowledge, insights, and reflective frameworks
- **System Provider** — presenting the Kalpdroom® Science System and related models

The circle functions through **mutual respect and shared dialogue**, not authority.

Code of Grace

Members uphold a simple spirit of conduct:

- mutual respect
- humility in dialogue
- freedom of expression
- responsible participation
- commitment to collective wellbeing

Grace in behaviour reflects the maturity of consciousness.
